

DEPARTMENT OF PHILOSOPHY**Course Descriptions***Summer 2010***THIRD SESSION - M (June 28 - August 6)**

Reg #	Course	Days	Time	Instructor	Room
183522	PHI 101M Intro to Philosophy	MTWRF	11:20a-12:35p	Amanda Hicks	Norton 214
This course is a survey of topics in various areas of philosophy. We will examine arguments on different sides of historically significant philosophical issues; it develops critical thought and argument analysis through reading both historical and contemporary texts. Student will also develop expository and argumentative writing skills.					
102116	15M Intro to Deductive Logic	Cancelled	Cancelled	Cancelled	Cancelled
397871	337M2 Social & Ethical Values in Medicine	TR	6:30p-9:40p	Peter Koch	Baldy 101

This course will examine ethical problems in medicine from a philosophical perspective. Among the issues to be addressed are: abortion, stem cell research, physician-assisted suicide and euthanasia, defining death, organ transplants, human cloning, deceiving patients and informed consent. At the end of the course, students will gain a basic understanding of the rigorous philosophical method that bioethics utilizes and some of the fundamental questions asked by bioethicists.
