South Campus Revitalization Plan
CREATE
downtown campus by moving the JSMBS from South Campus
REVITALIZE

South Campus as a Professional Education Campus

- Move The School of Social Work (SW) and Graduate School of Education (GSE).
- Address space needs of growing schools
- Demolish temporary and vacant buildings
REIMAGINE
North Campus as an Undergraduate and Research Center

• Address academic and research space needs of growing STEM programs in particular for the School of Engineering & Applied Sciences and the College of Arts & Sciences
• Increase centrally scheduled classrooms across campus
IMPROVE
the campus life experience at all three centers
• Create Heart of the Campus centers
• Improve library and student experiences
• Enhance/create recreation options
REDUCE
defered maintenance and address priority infrastructure
• Align deferred maintenance needs with strategic projects
Programmatic Alignments

• Move Graduate School of Education

• Relocate School of Social Work to Parker Hall

• Consolidate School of Public Health and Health Professions

• Consolidate School of Dental Medicine
Programmatic Alignments

• Improve School of Architecture & Planning facilities

• Create vibrant Heart of the Campus: library, classrooms, university services and recreation facilities
