

Viewing and Printing Online Statements

After signing on to the CitiManager® home page:

Step 1:

Hover the mouse over the **Statements icon** on the left of the page to access **Statements** and then click on the icon for the Statement:

(if you have more than one card account, use the drop-down arrow to toggle between card accounts)

Step 2: Click on the Download Link to download a statement

Step 3: Select the radio button for the desired download format and click the Download Button

If you intend to print your statement, PDF is the recommended format..

Step 4: Click the OK button, From the browser document option window, click the Open button. Once the document is open you can print it by selecting Print from the file menu.
