

# NIH Fellowships Awarded to Six Medical Students

*Posted on 05/20/13 at 08:15 am*

A T35 NIH Training Grant jointly awarded to UB and Roswell Park supports research fellowships to medical students to introduce outstanding students to careers in academic medicine. Students perform 10-week summer fellowships in the laboratories of UB and Roswell Park faculty in the areas of infectious diseases, microbiology and immunology. A total of 20 applications were received for 6 positions. Based on a rigorous review by a committee of faculty and educational leaders, fellowships were awarded for the summer of 2013.

The following students were awarded fellowships and chose faculty mentors.

Student: Madison Galasso

Medical School: UB

Mentor: Timothy Murphy MD, Department of Medicine, UB

Student: Nicole Gaulin

Medical School: UB

Mentor: Sharon Evans PhD, Department of Immunology, Roswell Park

Student: Janice Kim

Medical School: UB

Mentor: Sanjay Sethi MD, Department of Medicine, UB

Student: Nancy Lin

Medical School: Albany Medical College

Mentor: Kelvin Lee MD, Department of Immunology, Roswell Park

Student: Theresa Neiderer

Medical School: UB

Mentor: Sandra Gollnick PhD, Department Cell Stress Biology, Roswell Park

Student: Everett Sinibaldi

Medical School: UB

Mentor: Amy Jacobs PhD, Department of Microbiology, UB

Microbiology

UB

The program includes:

- A mentored research project
- A weekly seminar series
- Training in the responsible conduct of research.
- Oral presentations by students at the end of the summer program
- Poster presentations by students at an annual research day.

Co Principal Investigators are Timothy F. Murphy MD, Senior Associate Dean for Clinical and Translational Research in the UB School of Medicine and Kelvin Lee MD, Chair, Department of

Immunology and Vice Chair, Department of Medicine at Roswell Park.
