

TAKING ACTION TOGETHER

A COMMUNITY CONVERSATION ON OPIOIDS

Call for Community-Friendly Research Posters and Information Tables

Thursday, February 28, 2019

1:00 - 4:00 pm

Jacobs School of Medicine and Biomedical Sciences
955 Main St, Room 2220

The goal of this poster and tabling session, scheduled as part of “*A Community Conversation on Opioids*,” is to present the range of efforts underway to address the opioid epidemic, from research to community services. This session is meant to showcase how research informs policy, advocacy and change, as well as how the community voice can inform and guide opioid research.

**UNIVERSITY AND
COMMUNITY
PARTNERS ARE
ENCOURAGED TO
APPLY!**

Presentation options include:

- **Community-Friendly Research Posters**

- ⇒ Past or present opioid related research studies offered in a format that will be valuable and meaningful to the community
- ⇒ Current programs offered to the community i.e. treatments, support services, delivery of care, etc.

- **Information Tables**

- ⇒ Present different services, opportunities and/or supports available to the community

SEE ATTACHED GUIDELINES FOR MORE INFORMATION
