

## John Eberhard Society

**The School of Architecture and Planning would like to thank each and every member of the John Eberhard Society for their leadership support.**

The John Eberhard Society, named for our school's first dean, John P. Eberhard, is an elite group of alumni, friends and corporate supporters that share the school's vision and commitment to high-quality instruction, innovation in research, and community service. Support of our annual fund in an amount of \$1,000 or more annually ensures our success in funding both what is necessary and what is possible. Our sincerest thanks and gratitude to these supporters from your development team at the School of Architecture and Planning.

### Alumni

Miss Mari L. Cecil, MArch '86, BPS '84
