| Employer | Research Foundation |
| Position Type | RF Professional |
| Type | Part-Time |
| Appointment Term | |
| Salary Grade | E.8 |

Posting Detail Information

| | |
|------------------------------------|---|
| Position Summary | <p>We are inviting applications for a postdoctoral position in the recently established laboratory of Dr. Beirowski (http://hjkri.buffalo.edu/beirowski.html) at the Hunter James Kelly Research Institute in Buffalo, New York State. The Beirowski lab focuses on elucidating the molecular mechanisms of the degeneration of axons, the longest cellular projections of neurons, using a broad repertoire of innovative methods including metabolomics (e.g. Beirowski et al., 2014, Nature Neuroscience 17(10)). Potential projects encompass the development and characterization of novel mutant animal models showing compromised axon integrity in the nervous system secondary to glial abnormalities. Applicants should have demonstrated outstanding performance throughout their previous studies with their own publications. The successful candidate is a highly motivated and exceptionally organized team player with good communication skills. Strong language and writing English skills are also important.</p> <p>About UB The University at Buffalo is SUNY's most comprehensive public research university, and an outstanding place to work. UB amplifies ambition for faculty and staff by offering endless possibilities to achieve more. Here, people from all backgrounds and cultures challenge and inspire each other to discover, learn and succeed. Dedicated staff and engaged faculty collaborate to further knowledge and understanding, and develop tenacious graduates who are valued for their talents and their impact on global society. Visit our website to learn more about the University at Buffalo.</p> |
| Minimum Qualifications | A PhD degree with robust background in molecular and cell biology is essential, and experience in mouse genetics and experimentation is also required such as mouse colony maintenance/breeding and histopathological characterization. |
| Preferred Qualifications | A neuroscientific background is not necessary, but is a plus. |
| Physical Demands | |
| Salary Range | \$20,000 - \$25,000 |
| Work Hours | 18.75 hours per week Specific hours to be determined. |
| Campus | Downtown Campus |
| Special Instructions to Applicants | |
| Open Until Filled | No |

Supplemental Questions

Required fields are indicated with an asterisk (*).

1. * What will be the highest level of education attained by the time of employment?
 - GED
 - High School Diploma
 - Associates Degree
 - Bachelors Degree
 - Masters Degree
 - PHD
 - MD
 - J.D.
2. * Please indicate your current employment affiliation with the University at Buffalo.
 - Faculty
 - Faculty Student Association (FSA)
 - Research Foundation Employee
 - State Classified
 - State Professional
 - UB Foundation
 - TA/GA
 - Student
 - No Current Employment Affiliation
3. * How did you first hear about this employment opportunity?
 - AcademicKeys.com
 - CareerExposure.com
 - CareerWomen.com
 - Chronicle of Higher Education
 - DiversitySearch.com
 - GoogleJobs.com
 - HERCjobs.org
 - HigherEdJobs.com
