Dear [Name],

On behalf of [Name of Department], I am pleased to invite you to be a J-1 Exchange Visitor, Student Intern at the State University of New York at Buffalo ("University at Buffalo"). This invitation is effective for the period of [Start Date of Program] to [End Date of Program]. During this period, you will be engaged in [Describe Program Activities].

J-1 Student Intern Program Requirements

In order to participate in the J-1 Exchange Visitor Program as a Student Intern, you will have to meet certain requirements of the U.S. Department of State. These include: 1) being enrolled and in good academic standing at your academic institution in your home country, and 2) returning to and obtaining a degree from your home institution after completing the internship program. In addition, the internship program must fulfill the educational objectives for your current degree program at your home institution.

To confirm that these requirements are met, we request a letter from your home institution confirming that you are in good academic standing and that the internship will fulfill the educational objectives for your current degree program.

Funding

[UB Funding Option]

The University at Buffalo shall provide a stipend of \$[Dollar Amount] per [Month/Year]. The University at Buffalo will also provide you with [office]/[lab] space (which may be shared), the use of a computer and access to library facilities

[Non-UB Funding Option]

It is my understanding that you will provide your own funding to cover all of the expenses of your stay at the University at Buffalo. The University at Buffalo will provide you with [office]/[lab] space (which may be shared), the use of a computer and library facilities.

Housing

Unless your academic department will make arrangements for you, it will be your responsibility to find housing for yourself (and your family, if applicable) for the duration of your stay at the University.

Helpful tips for finding off-campus housing can be found at:

Health Insurance

Both the U.S. Department of State (DOS) and State University of New York (SUNY) require J-1 Exchange Visitors to have medical insurance coverage during their stay in the U.S. as J-1 Exchange Visitors. The DOS also requires that J-2 dependents have medical insurance that meets DOS regulatory requirements. Further information about insurance for J-1 interns is available at:

www.buffalo.edu/isss/life-in-buffalo/health-insurance/interns.html

To affirm that you and your dependents will have the necessary health insurance coverage, we require you to sign and submit the Medical Insurance Attestation form to us. The Medical Insurance Attestation Form is available at:

<http://www.buffalo.edu/content/dam/www/international-student-and-scholar-services/J-1/J-1StudentInterns/J-1MedicalInsuranceAttestation.pdf>

[UB Funding Option] The University will also provide medical insurance starting on the 43rd day of your employment. You will be responsible for purchasing health insurance from UB's Student Medical Insurance Office for the 42-day waiting period before your employer-sponsored health insurance takes effect. Note: UB Research Foundation employees must purchase Medical Evacuation and Repatriation insurance from UB's Student Medical Insurance Office upon arrival as a supplement to their employer-sponsored health insurance.

Although J-1 Exchange Visitors may wish to purchase health insurance in their home country, they should be aware that their home country policy can only substitute for the SUNY policy if the health insurance coverage is comparable. If not, the J-1 Exchange Visitor will also have to purchase the SUNY policy. Similarly, any health insurance policy purchased for J-2 dependents must meet the DOS requirements or the J-2 will also need to purchase the SUNY policy. Therefore, we do not recommend purchasing health insurance in your home country to cover you during your stay in the U.S.

We are delighted that you will come to our University as a J-1 Student Intern and look forward to meeting you.

Sincerely,
