

CAITY Business Meeting  
Facilitated by Francisco Delgado

March 10, 2021

The meeting started at 6:00 p.m.

Francisco shared his PowerPoint (attached) going over the CAITY activities for the past year and our events at the conference, including the sponsored roundtable and the Special Event with Michael Bérubé. The recipients of this year's awards (the CAITY Essay Award and the CAITY Conference Paper Prizes) were also recognized.

Afterward, an open discussion commenced about future initiatives for the caucus. Suggestions for next year's conference in Baltimore included hosting a social event (either at a bar or a coffee shop) sponsoring a roundtable on pandemic teaching with an emphasis on perspectives from part-time faculty, as well as a talk or panel about labor practices in higher education with participants from various states.

A suggestion was made to poll the caucus constituency about the important factors contributing to their continual attendance of the conference, as well as what challenges they sometimes face when doing so. That poll will be sent in the coming months.

Meeting adjourned at 7:02 p.m.
