Top Solar Universities-the Northeast

While creating the map for our solar calculator, we took a look at a lot of interesting schools that are using solar to power their campuses right now. Here is a list of the top solar powered colleges in the Northeast. Know of any more that we left off? Let us know!

Maine:

University of Southern Maine

Vermont:

- University of Vermont
- Middlebury College

Massachusetts:

- Harvard
- Northeastern University
- Williams College

Rhode Island:

• University of Rhode Island

Connecticut:

- Connecticut College
- Fairfield University
- Yale University

New York:

- Farmingdale State University of New York
- State University of New York College of Environmental Science and Forestry
- University of Buffalo

New Jersey:

- Monmouth University
- New Jersey Institute of Technology
- Princeton University

Pennsylvania

- Bucknell University
- Carnegie Mellon University
- Pennsylvania State University

To find out more about how these institutions are going solar, look at SunRun's <u>solar calculator</u> in order to get more interesting details about these schools in the Northeast!
