PSS is made up of a dozen committees and subcommittees and because there has been a lack of coordination with communication sent out by those committees. There has been confusion over the fact they are working with the PSS, and we want the PSS recognized. Too often PSS is omitted or deep into the announcement.
Working on an annual report of all items PSS has done this past year.
Congratulations to the Sustainable Living Fair for outstanding fair great synergy, vendors talking with eachother and energy on the floor. Therapy dogs, raptures, great event.
