

RENEW Distinguished Lecture Series Presents

Dr. Linda Birnbaum

**Lecture Title: Global Climate Change and
Human Health**

Linda S. Birnbaum, Ph.D., is director of the National Institute of Environmental Health Sciences (NIEHS) of the National Institutes of Health, and the National Toxicology Program (NTP). As NIEHS and NTP director, Birnbaum oversees a budget of more than \$780 million that funds biomedical research to discover how the environment influences human health and disease. The Institute also supports training, education, technology transfer, and community outreach. NIEHS currently funds more than 1,000 research grants. She is the author of more than 800 peer-reviewed publications, book chapters, and reports. She has received many awards and recognitions. She was elected to the Institute of Medicine of the National Academies, one of the highest honors in the fields of medicine and health. She was also elected to the Collegium Ramazzini and to the Institute of Medicine of the National Academies of Science, and received an honorary Doctor of Science from the University of Rochester and a Distinguished Alumna Award from the University of Illinois.

Friday, September 15th, 11:45am-1:30pm
