AGENCY: The New York Academy of Sciences

PROGRAM: The New York Faculty Competition for the 2015 Blavatnik Awards for Young Scientists program. The solicitation can be found at Blavatnik Awards for Young Scientists-2015 National Competition

OBJECTIVES: The Blavatnik National Awards for Young Scientists recognize the country’s most promising young faculty-rank scientists and engineers in the disciplinary categories of Life Sciences, Physical Sciences & Engineering, and Chemistry.

ELIGIBILITY: To be eligible to apply, candidates must:
- Have been born in or after 1973.
- Have earned a doctorate degree (PhD, DPhil, MD, DDS, or DVM).
- Currently hold a faculty position at an invited institution in the United States.
- Have made significant research contributions to the Life Sciences, Physical Sciences & Engineering, or Chemistry during their independent career as a principal investigators.

UB may submit up to three nominations, one in each disciplinary category of Life Sciences, Physical Sciences & Engineering, and Chemistry.

FUNDING INFORMATION: One Blavatnik Laureate in each disciplinary category will receive $250,000 in unrestricted funds and will be offered an opportunity to publish in Annals of the New York Academy of Sciences on the topic for which he/she is being honored.

INTERNAL REVIEW PROCESS: If you are interested in applying, please send a letter of intent to Dr. Kenneth Tramposch @ ovpr.limitedsubmission@research.buffalo.edu confirming that you meet the eligibility criteria and provide 1.) a research summary (1000 words) of the applicants most significant scientific contributions and research accomplishments and, 2.) the applicants CV (4 pages maximum) by October 8, 2014.
