University-Wide Recognition Student Club and Organization Policy

PURPOSE

The University at Buffalo recognizes that organized student groups are a valuable part of the student educational environment. Student organizations further the University's educational mission. They are responsible for making positive contributions to the primary educational mission of the University and are expected to encourage intellectual and social development of members. In addition, these groups are expected to complement the University's mission and to comply with campus policies, rules and regulations, as well as federal, state, and local laws.

STATEMENT OF GENERAL POLICY

Recognition provides official identification for an affiliated group, use of designated University facilities and services, and the coordination and communication of the group's activities to the campus community. Recognition does not imply University endorsement of the purposes of an organization, nor does the University assume sponsorship of, or responsibility for, any of the activities of the group on or off the property of the University.

In order to achieve and maintain Recognized Student Organization status each student organization must:

- Adhere to the policies, regulations, and requirements set forth in this document and University Policies and procedures.

- Achieve and maintain recognition by one primary approved University Recognizing Agent that is responsible for the actions of the club or organization. Recognizing agencies include student governments, academic and administrative departments as well as other formally recognized University entities. Groups may choose an affiliate recognizing agent with the understanding that the University Recognizing Agent is responsible for the actions of the club or organization. This does not limit clubs and organizations from utilizing space from additional University agents.

- Clubs and organizations should contact their preferred recognizing body to indicate their interest and intent. All Recognized Student Organizations must abide by the Rules and Regulations of their University Recognizing Agent.

This policy is effective May 1, 2013.
Updated January 3, 2017
