WAYS TO GIVE

› ANNUAL GIFTS Unrestricted annual gifts go directly into UB’s operating budget to enhance academic programs, research, scholarships and more. Donors may restrict a gift, designating it for use by a specific school, department, athletics, student life, the arts and other programs.

› ENDOWMENT GIFTS Endowment gifts provide security over the long term by creating a predictable source of future income for faculty positions, schools, academic programs, student scholarships and fellowships.

› PLANNED GIFTS Planned gifts can be an effective way to support UB while achieving personal and philanthropic goals. Some gifts, like bequests, allow individuals to make commitments today without relinquishing assets until death. Charitable gift annuities allow donors to support UB today, earn charitable deductions and receive a reliable stream of income for life.

› CORPORATE AND FOUNDATION GIFTS AND GRANTS Grants and gifts from corporations and foundations support the university in teaching, research and delivering services to the region and beyond.

EMPOWERING POSSIBILITIES

UB is a premier public research university with an international reputation. Our renowned faculty members are committed to excellence in research, teaching and mentoring UB students. With your help, these students will graduate fully prepared for careers in a complex world.

IMPACT OF PRIVATE SUPPORT

The best public universities have the strongest private support. Today, the state pays for less than 25 percent of UB’s operating costs. Students count on the generosity of donors to help fund scholarships and study-abroad opportunities, build new facilities and more.

REALIZING UB 2020

UB’s faculty and students transform our world through pioneering discoveries, creative activity and engagement in global communities. UB 2020 is the long-range plan that will continue to advance UB’s academic and research enterprise by recruiting the most talented students and hiring prominent faculty. With your support, UB 2020 will move UB into the ranks of the nation’s leading public research universities.

The best public universities have the strongest private support. Today, the state pays for less than 25 percent of UB’s operating costs. Students count on the generosity of donors to help fund scholarships and study-abroad opportunities, build new facilities and more.

SCHOOL RESOURCE FUND

This fund enables the School of Social Work to support new ideas, initiatives and inspired projects not covered by the operational budget or research grants. The fund provided a stipend to Katie Witmer, MSW ’13, for her field placement in South Korea, where she worked to improve the lives of unwed mothers.

NEW MEDICAL SCHOOL

Donors are key partners in building UB’s new medical school on the university’s emerging downtown campus. The new building will connect to nearby hospitals and research facilities, and facilitate interdisciplinary care as students, faculty, biomedical researchers and clinicians move easily from classroom to bedside to lab.
