

# Beyond Community Engagement: Facilitating Public Involvement in Environmental Policy and Technical Decisions

**Lenny Siegel** Executive Director  
Center for Public Environmental Oversight (CPEO)

The Center for Public Environmental Oversight (CPEO) promotes and facilitates public participation in the oversight of environmental activities, including but not limited to the remediation of federal facilities, private "Superfund" sites, and Brownfields. CPEO has its roots in community activism, and it provides support for public advocacy.

Lenny Siegel will describe his work on state and federal advisory groups related to hazardous waste site remediation, such as the Interstate Technology Regulatory Council (ITRC) and National Research Council (NRC). He will launch a discussion of the need to prepare and fund more people to play such roles in bridging government, technical, and stakeholder communities.

**Friday  
February 21, 2014  
12:00-2:00pm**

9 Norton Hall  
University at Buffalo  
North Campus

This event is free,  
but RSVP is required for lunch  
to [CEPPrsvp@buffalo.edu](mailto:CEPPrsvp@buffalo.edu)  
*All welcome.*
