Getting Started with Information Technology at UB:

After You Arrive

Once you're on campus, learn how to connect to UB's network, use UB software in and away from computing sites, and print assignments and papers.

☐ Connect to UB's Network

Learn about the different ways to connect to the Internet at UB.

☐ Locate Computers and Printers

Forgot your laptop or tablet, or need to charge them while working? Use UB computing sites to stay connected and print assignments.

☐Access Software Virtually

Use all the UB software you need without leaving your home or residence hall.
