

Environment and Society 2007 Research Symposium Student Poster Prize Winners

Undergraduate (\$250, 2 tickets to Al Gore special evening reception and lecture)

Katie A. Chmielowiec (chmielok@canisius.edu)

Canisius College, Department of Biology

Age-related differences of northern saw-whet owls during fall migration a coastal region

Josh Hancock (hancock2@buffalo.edu)

University at Buffalo, Department of Civil, Structural, and Environmental Engineering

Is waste grease produced at UB a suitable biodiesel feedstock?

Jonas Locke (jrlocke@buffalo.edu)

University at Buffalo, Department of Chemistry

Free drugs in the environment: Fate of veterinary antibiotics in soil and evidence of plant uptake

Graduate (\$250, 2 tickets to Al Gore special evening reception and lecture)

Gregory Babonis (gbabonis@buffalo.edu)

University at Buffalo, Department of Geology

Using radar interferometry to calibrate regional scale groundwater models

Lee Gordon (lmgordon@buffalo.edu)

University at Buffalo, Department of Geography

Headcut development and migration in stratified soils

Sara Lupton (slupton@buffalo.edu)

University at Buffalo, Department of Chemistry

Gender-Benders in the Great Lakes: Bioaccumulation of PCBs and PBDEs may cause endocrine ...

Adam Manzella (aam23@buffalo.edu)

Department of Pharmacology and Toxicology

Structure dependent characterization of polychlorinated biphenyls (PCBs) and ...

Elizabeth K. Thomas (elizabethkthomas@gmail.com)

University at Buffalo, Department of Geology

Using Arctic lake sediments to quantify twentieth century anthropogenic global warming

Honorable Mention (\$100, 2 general admission tickets to Al Gore evening lecture)

Jessica Bielecki (jb228@buffalo.edu)

University at Buffalo, School of Law

Managing environmental resources with interstate compacts: A perspective from the Great Lakes

Peggy E. Buckley (buckleym@canisius.edu)

Canisius College, Department of Biology

An analysis of avian migration based on western New York television tower mortality ...

Sue Roussie (sroussie@buffalo.edu)

University at Buffalo, Department of Geography

Communication and decision-support for integrated environmental management & planning

Jeff Tudini (jjtudini@buffalo.edu)

University at Buffalo, Department of Civil, Structural, and Environmental Engineering

The long term effects and performance analysis of tire derived aggregate septic system leachfields
