

GRADUATE COMMITTEE FORMATION

This is a reminder that our graduate procedures require students to establish a three-person graduate committee by the end of their third semester. Failure to establish your committee by the end of the semester may result in your being designated 'not in good standing'. Please consult with your advisor on this matter, fill out the form below, have each member of the committee sign the form and return it to the Graduate Program Secretary. Remember that two members of the committee must hold unqualified professional rank in the Anthropology Department and all three members must be a member of the graduate faculty.

Graduate Committee Formation

The following Professors in the Department of Anthropology have agreed to be

On my _____ Graduate Committee.
print your (student) name date

Major Professor (print name) Signature date

Committee Member (print name) Signature date

Committee Member (print name) Signature date
