

Graduate course waiver/substitution form

Name _____ Person # _____

Students who have already completed a course that is comparable to one of our requirements and who have obtained a **grade of B- or greater** in the equivalent course may request a waiver by applying to the instructor of said course. It is the responsibility of the student to seek the waiver. It is the responsibility of the instructor to determine whether the student has satisfactorily completed an equivalent course. Waiving a course DOES NOT decrease the total credit hours required in a program. This form must be attached to your Application to Candidacy, which is submitted when you are close to the end of your program.
