Touchdown Spaces & UB Print Anywhere

Touchdown Space Locations

Touchdown spaces are temporary workspaces for students on the go. Use UB's touchdown spaces if you need a place to go between remote and in-person classes, want to get your work done on campus or like the structure of an organized workspace.

Touchdown spaces are equipped with desks, chairs, outlets and internet access; students are encouraged to bring needed technology, tools and disinfectant for use in these spaces.
Here is where you will find Touchdown Spaces at UB:
