

# UB Use Description List Report (Use2)

University Facilities

Use2 Name	Use2 Code	
Air Lock	AIR LOCK	An airtight chamber, usually located between two regions of unequal pressure, in which air pressure can be regulated.
Alcove	ALCOVE	A recess or partly enclosed extension connected to or forming part of a room.
Alteration or Conversion	ALTER	Assignable space which is temporarily out of service due to its being renovated, altered, or converted to other use.
Analysis Room	ANALYSIS	Room or space where data is analyzed.
Animal Cage WashRoom	ANI CAGE	
Animal Holding Room	ANI HOLD	
Animal Operating Room	ANI OPER	
Animal Preparation Room	ANI PREP	
Animal Procedure Room	ANI PROC	
Animal Quarantine	ANI QUA	
Animal Recovery Room	ANI REC	
Animal Room	ANIMAL	A room that houses laboratory animals maintained for the institution for research and/or instruction purposes.
Animal Room Service	ANIMAL SV	A room that directly serves an animal care facility as an extension of the activities in that facility.
Animal Testing Room	ANI TEST	
Anteroom	ANTE RM	An outer room that opens into another room.
Apartment	APT	A complete living unit, with private cooking facilities, that is not a separate structure.
Apartment Bath	APT BATH	Toilet facilities in an apartment.
Apartment Service	APT SV	A room or area that directly serves an apartment or group of apartments as an extension of the activities in that facility.
Areaway	AREAWAY	A sunken enclosure giving access to the basement of a building.
Assembly	ASSEM	A space designed and equipped for the assembly of many persons for such events as dramatic, musical, devotional, livestock judging, or commencement activities.
Assembly Service	ASSEM SV	A room or area that directly serves an assembly facility as an extension of the activities in that facility.

Use2 Name	Use2 Code	
Athletic Suite	ATH SUITE	A suite area within an athletic facility that contains accommodations for various people to watch or produce media for an event. This category includes but not limited to: <ol style="list-style-type: none"> <li>1. Corporate Box</li> <li>2. President's Suite</li> <li>3. Press Box</li> <li>4. Visiting coaches/staff</li> <li>5. Visiting athletics' Directors</li> </ol>
Athletic Swimming Pool	ATH SWIM	A structure, often a concrete-lined excavation of rectangular shape, that is filled with water and used for swimming.
Athletic/Physical Ed Service	ATH SV	A space that directly serves an athletic or physical education facility as an extension of the activities in that facility. Includes locker rooms; shower rooms; nonoffice coaches' rooms; ticket booths; and spaces for dressing, equipment, supply, storage, first aid, skate-sharpening, towels, etc.
Athletic/Physical Ed	ATH PE	A room or area used by students, staff or the public for athletic or physical education activities. This category includes but not limited to: <ol style="list-style-type: none"> <li>1. Equipment Issue Room</li> <li>2. Gym</li> <li>3. Fitness Center</li> <li>4. Sauna</li> <li>5. Steam Room</li> <li>6. Weight Room</li> <li>7. Wrestling Room</li> </ol>
Audio-Visual Room	AV ROOM	Of or relating to materials, such as films and tape recordings, that present information in audible and pictorial form: a corporation's audio-visual department production facility. This category includes but not limited to: <ol style="list-style-type: none"> <li>1. Projection Booth</li> </ol>
Auto Teller Machine	ATM	An unattended electronic machine in a public place, connected to a data system and related equipment and activated by a bank customer to obtain cash withdrawals and other banking services. Also called automatic teller machine, cash machine, money machine.
Autoclave	AUTOCLAVE	A strong, pressurized, airtight steel steam-heated vessel, as for laboratory experiments, sterilization, or cooking. <ol style="list-style-type: none"> <li>1. (Chemistry) a strong sealed vessel used for chemical reactions at high pressure</li> <li>2. (Medicine) (Cookery) an apparatus for sterilizing objects (esp surgical instruments) or for cooking by means of steam under pressure</li> <li>3. (Engineering / Civil Engineering) Civil engineering a vessel in which freshly cast concrete or sand-lime bricks are cured very rapidly in high-pressure steam.</li> </ol>
Boiler Room	M BOILER	A room containing equipment in which water is heated and circulated, either as hot water or as steam, for heating or power. This category includes but not limited to: <ol style="list-style-type: none"> <li>1. Natural gas, propane, oil or electric services (generally high heat).</li> </ol>
Break Room	BREAK	A room in a workplace that is set aside for employees to use during a break from work, as to relax, socialize, or eat.

Use2 Name	Use2 Code	
Break-Out Room	BRK OUT	<p>A room separated from the larger body of rooms for smaller grouped discussions.</p> <p>Collaboration/break out: A Small Group</p> <p>Collaboration Space, or Informal Collaboration Space, supports brainstorming, small unplanned meetings, videoconferencing and project team work. Commonly seating 5-9 people, they are ideally adjacent to areas where students gather to study and learn: outside of lecture halls, in libraries, and in student activity centers. Small Group Collaboration Spaces allow for some level of privacy while still allowing for a safe learning environment. The spaces should be a mix of easily reserved (via an online reservation system) and non-reserve spaces.</p> <p>The space should contain technology appropriate to the task including;</p> <ul style="list-style-type: none"> <li>- flat screen display</li> <li>- input cables or BYOD wireless display transmission</li> <li>- switching to allow multiple student devices to be connected</li> <li>- program audio and video</li> </ul> <p>Physical features should include;</p> <ul style="list-style-type: none"> <li>-adequate power</li> <li>- Wi-Fi</li> <li>- erasable writing surfaces</li> <li>- comfortable and durable seating</li> <li>- large work surfaces</li> </ul>
Bridge/Tunnel/Walkway	BRG TNL WK	A covered and walled structure connecting passageways for people to pass over or under the ground to gain access to another facility.
Cage Wash	CAGE WASH	A room for washing structures for confining animals, enclosed on at least one side by a grating of wires or bars that lets in air and light.
Call Room	CALL RM	A private single occupancy meeting space to take a phone call or Zoom meeting.
Carrel	CARREL	A partially partitioned nook in or near the stacks in a library, used for private study.
Cataloguing	CATALOG	To classify (a book or publication, for example) according to a categorical system.
Catwalk	CATWALK	Runway or catwalk describes a narrow walkway, especially one high above the surrounding area, used to provide access or allow movement.
Central Service	CENT SV	A room or area that I sused for the porcessing, prepartion, testing, or delivery of a complex-central or campus-wide support service.
Central Utility Plant	CUP	
Circulation Desk	CIRC DESK	An area for the dissemination of printed material, especially copies of newspapers or magazines, among readers.

Use2 Name	Use2 Code	
Classroom	CLASS	A room or space used primarily for instruction classes and that is not tied to a specific subject or discipline by equipment in the room or the configuration of the space. Includes rooms or spaces generally used for scheduled instruction that require no special, restrictive equipment or configuration. A classroom may be equipped with tablet armchairs (fixed to the floor, joined in groups, or flexible in arrangement), or similar types of seating. These spaces may contain multimedia or telecommunications equipment. A classroom may be furnished with special equipment (e.g., globes, pianos, maps, computers, network connections) appropriate to a specific area of study, if this equipment does not render the space unsuitable for use by classes in other areas of study.
Classroom Service	CLASS SV	A room that directly serves a room or place especially in a educational facility in which classes are conducted.
Clean Room	CLEAN RM	A room that is maintained virtually free of contaminants, such as dust or bacteria, used in laboratory work and in the production of precision parts for electronic or aerospace equipment. Also called white room.
Clinic Service	CLINIC SV	
Cold Room	COLD RM	A refrigerated room of an unsophisticated design, not to be confused with an environmental chamber which has more sophisticated thermostatic controls.
Collaboration Area	COLLAB	<p>Collaboration/break out: A Small Group</p> <p>Collaboration Space, or Informal Collaboration Space, supports brainstorming, small unplanned meetings, videoconferencing and project team work. Commonly seating 5-9 people, they are ideally adjacent to areas where students gather to study and learn: outside of lecture halls, in libraries, and in student activity centers. Small Group Collaboration Spaces allow for some level of privacy while still allowing for a safe learning environment. The spaces should be a mix of easily reserved (via an online reservation system) and non-reserve spaces.</p> <p>The space should contain technology appropriate to the task including;</p> <ul style="list-style-type: none"> <li>- flat screen display</li> <li>- input cables or BYOD wireless display transmission</li> <li>- switching to allow multiple student devices to be connected</li> <li>- program audio and video</li> </ul> <p>Physical features should include;</p> <ul style="list-style-type: none"> <li>-adequate power</li> <li>- Wi-Fi</li> <li>- erasable writing surfaces</li> <li>- comfortable and durable seating</li> <li>- large work surfaces</li> </ul>
Collections	COLLECT	A group of objects or works to be seen, studied, or kept together.
Computer Lab	COMP LAB	
Concession	CONC	A structure from which food items are sold during an athletic or entertainment event.

Use2 Name	Use2 Code	
Conference Room	CONF	A place to meet primarily for consultation or discussion used by a specific organizational unit or office area.
Conference Service	CONF SV	A space that supports conference space types.
Conference/Seminar/Classroom	CONF S/C	A room primarily used as a conference room but may also be used where a small group of students in a college or graduate school engaged in original research or intensive study under the guidance of a professor who meets regularly with them to discuss their reports and findings.
Control Room	CONTROL RM	A room housing control equipment.
Cooler/Freezer	COOL FRZ	A thermally insulated compartment, cabinet, or room in which a subfreezing temperature is maintained for the rapid freezing and storing of items mostly found in Labs or Research areas. Note: Does not include Coolers/Freezers for food storage (see Food Service Area)
Copy/File/Mail Room	CFM ROOM	A room where any or all are present - a photocopy machine, file cabinets or mail boxes.
Corridor-Internal	CORR INT	Imbedded circulation areas within larger rooms or corridors that are under the control of an entity that provide circulation of people from place to place.
Corridor-Public	CORR	Serves as a primary way to move from one space to another in a building or in or out of the building itself of a public nature and not assigned to any given entity.
Counsel/Consultation Room	COUNSEL	A room used to exchange opinions, ideas, and the counseling of people.
Critique Room	CRITIQU RM	A critical discussion of a specified topic.
Custodial Supply Closet	CUSTODIAL	Custodial closet where the slop sink and custodial supplies are located.
Darkroom	DARK RM	Depending on the field of study this can be either a room in which photographic materials are viewed or processed, either in complete darkness or with a safelight or for use in a research/laboratory setting.
Data Collection	DATA COL	An area where a collection of facts from which conclusions may be drawn from the act of gathering something together.
Data Room	M DATA	Computer electronic equipment/wiring for the transmission of information.
Day Care	DAY CARE	A place where adults provide childcare during the day while parents work
Debriefing Room	DEBRIEF	A room used to officially question (someone) about a job that has been done or about an experience.
Demonstration Room	DEMO	A room or group of spaces used to practice, within an instructional program, the principles of certain disciplines such as teaching, child care or development, and family and consumer science.

Use2 Name	Use2 Code	
Diagnostic Room	DIAGNOS RM	Room where medical staff use specialized equipment (such as an x-ray machine) to diagnose a patient's medical condition or to conduct experiments. This category includes but not limited to: <ul style="list-style-type: none"> <li>1. Audio-Testing Room</li> <li>2. Experimental Room</li> <li>3. Radiation Imaging Facility</li> <li>4. Testing Room (for a medical nature only)</li> <li>5. X-Ray Room</li> </ul>
Dispensary	DISPENSAR	An office in a hospital, school, or other institution from which medical supplies, preparations, and treatments are dispensed.
Dorm Bathroom	DORM BATH	Bathroom facility located in a dorm room or within a dorm suite that is not accessible by the general public. Usually contains a sink and a toilet but may also include shower facilities.
Dorm Lounge	DORM LNG	A room for relaxing and entertaining in the dormitory areas.
Dorm Room	DORM	A large sleeping room containing one or several beds.
Dorm Service	DORM SV	An area to make fit for use; adjust, repair, or maintain in a college or university building containing living quarters for students.
Electrical Equipment Room	M ELEC	A room that is used to house an integrated group of materials or devices used for items concerned with electricity. Generally these spaces have a dedicated electric isolation. This category includes but not limited to: <ul style="list-style-type: none"> <li>1. Power Supply Rooms</li> <li>2. Circuit breakers, panel rooms</li> <li>3. Transformers</li> <li>4. Switchgear</li> </ul> Note: A room that is a non-dedicated electrical room or mixed use would be categorized as a Mechanical Equipment Room.
Elevator Equipment Room	M ELEV	A room that is used to house an integrated group of materials or devices used for items concerned with the transportation of people or freight.
Elevator-Dumbwaiter	ELEV D	Service elevator for labs, kitchens, etc.
Elevator-Freight	ELEV F	Freight elevators allow for much larger equipment such as forklifts or even entire vehicles to drive into an elevator. While the capacity of service elevators typically maxes out at 5000 lbs., freight elevators can often carry loads up to 100,000 lbs.
Elevator-LULA	ELEV L	LU/LA stands for Limited Use/Limited Application. The LU/LA elevator is basically a small commercial elevator. All LULA elevators are limited by speed, travel and capacity in order to comply with ASME A17.1 Section 5.2 and the ADA (Americans with Disabilities Act).
Elevator-Passenger	ELEV P	Passenger elevators are, for the most part, slightly wider than they are deep. Designed to carry pedestrians.
Elevator-Service	ELEV S	Service elevators, however, are much deeper than they are wide. Designed to carry hospital beds and stretchers.
Environmental Chamber	ENV CHAMB	An enclosed space or compartment relating to or being concerned with the ecological impact of altering the environment.

Use2 Name	Use2 Code	
Equipment Room	EQUIP RM	A room that usually serves the floor and/or the entire building that is used to house the implements of specific items in an operation or activity that could be common or grouped instrumentally.
Examination/Treatment Room	EXAM/TREAT	<p>A room used for the act or process of inspecting, testing and treating a patient human or animal medically or surgically.</p> <p>A room with a bed, stretcher, or examination table and capability for periodic monitoring (eg., measurement of blood pressure or pulse oximetry) in which procedures that do not require a specialized suite can be performed (eg., pelvic examination, blood transfusion). This category includes but not limited to: Clinical Room or Patient Bedroom</p> <p>A room used for the administration or application of remedies to a patient or for a disease or injury; medicinal or surgical management; therapy. A 'treatment' room is one that is designed for actually cutting into, or otherwise providing physical treatment of a patient. This category includes but not limited to: Operatory or Surgery Room</p>
Exhibition	EXHIB	A room or area used for exhibition of materials, works of art, artifacts, etc., and intended for general use by faculty, students, staff, and the public.
Exhibition Service	EXHIB SV	A space that directly serves an exhibition facility as an extension of the activities in that facility.
Exterior Space	EXT SPACE	A space outside of the building but within the building envelope that is sufficiently enclosed to constitute a space within the building.
Fire Systems Room	M FIRE	<p>A room used to house the equipment necessary for fire protection of a building. This category includes but not limited to:</p> <ol style="list-style-type: none"> <li>1. Fire suppression systems</li> <li>2. Fire alarm rooms</li> <li>3. Sprinkler rooms</li> <li>4. Fire pump rooms</li> </ol>
Food Preparation	FOOD PREP	A room where nourishment eaten in solid form has been made ready beforehand that may or may not include a serving counter.
Food Satellite Facility	FOOD SAT	A smaller service for food accompanying a main one and situated nearby.
Food Service Area	FOOD SV	<p>A room that directly serves a Food Facility as an extension of the activities in such a facility or other facility when food is being prepared or served. This category includes but not limited to:</p> <ol style="list-style-type: none"> <li>1. Dishwashing Rooms</li> <li>2. Freezers supporting the Food Facility (not for Research)</li> </ol>
Gaming Room	GAME	
General Building Service	GEN BLD SV	Serves the maintenance and operation of the building in which the facility is located.
Green Room	GREEN RM	A meeting place of an informal nature.
Greenhouse	GREEN HSE	A structure, primarily of glass, in which temperature and humidity can be controlled for the cultivation or protection of plants.

Use2 Name	Use2 Code	
HC Central Supplies	HC CEN SUP	A room used centrally to store health care supplies in a health care facility.
HC Diagnostic Service Lab	HC DIA	A space used to provide diagnostic support services to an entire health care facility.
HC Diagnostic Service Lab Serv	HC DIA SV	A space that directly serves a diagnostic service laboratory as an extension of the activities in that facility.
HC Health Care Service	HC SV	A space that directly serves a medical facilities as an extension of the activities in that facility.
HC Nurse Station	HC NUR	A room or area used by nurses or other patient care staff who are supervising or administering health care services.
HC Nurse Station Service	HC NUR SV	A space that directly serves one or more nurse station spaces as an extension of the activities in those spaces.
HC Patient Bath	HC BATH	A room containing patient bath and toilet facilities.
HC Patient Bedroom	HC BED	A room equipped with one or more beds and used for patient care.
HC Patient Bedroom Service	HC BED SV	A room that directly serves one or more patient bedrooms as an extension of the activities in those spaces.
HC Public Waiting	HC PUB WAI	A space used by the public to await admission, treatment, or information within a health care facility.
HC Staff On-Call Facility	HC O-C	A room or quarters used by health care staff to rest or sleep while on call to assigned duties within a health care facility.
HC Staff On-Call Facility Serv	HC O-C SV	A space that directly serves as a staff on-call room as an extension of the activities in that facility.
HC Surgery Room	HC SURG	A room where surgical procedures are performed.
HC Surgery Service	HC SURG SV	A space that directly serves a surgery room as an extension of the activities in that facility.
House	HOUSE	A complete living unit that is a separate structure.
Inactive Space	INACTIVE	Any space on a campus which is usable or has potential use but which is not being used, or assigned for use to a department or function and control has reverted to the Provost for disposition.
Incinerator Room	INCIN RM	A room that houses a furnace for incinerating (especially to dispose of refuse).
Instrument Room	INSTRUMENT	A room where devices are present for recording, measuring.
Interview Room	INTERVIEW	A room that is used for the questioning of a person.
Kitchenette	KITCHENETT	A small kitchen area associated with a departmental unit generally serving a lounge or conference room. May also include a room within dorm buildings servicing students.
Lab Service	LAB SV	A room of generic nature that supports the functions in a lab. Use only if a more specific use description is not available.

Use2 Name	Use2 Code	
Lab-Class	L CLASS	A room primarily used by REGULARLY SCHEDULED classes that require special-purpose equipment or treatment for student participation, experimentation, observation, or practice in a field of study.
Lab-Class-Service	L CLASS SV	A room which directly serves a Class Laboratory as an extension of the activities of the Class Laboratory.
Lab-Open	L OPEN	A laboratory used primarily for individual or group instruction that is informally scheduled, UNSCHEDULED, or open. An open laboratory is designed for or furnished with equipment that serves the needs of a particular discipline or discipline group for individual or group instruction where 1) use of the space is not formally or regularly scheduled, or 2) access is limited to specific groups of students.
Lab-Open-Service	L OPEN SV	
Laboratory	LAB	A room or building equipped for scientific experimentation or research. Use only if a more specific use description is not available.
Lab-Research	L RES	A space used for laboratory experimentation, research, or training in research methods; professional research and observation; or structured creative activity within a specific program or for sponsored research (whether sponsored with federal, state, private, or institutional funds).
Lab-Research (Dry)	L RES DRY	A dry laboratory is space that involves work with dry stored materials, electronics, and/or large equipment or instruments with few piped services. Various types of research – nonclass dry labs. Examples: A laboratory where computers or computer generated models are used for analysis. A lab that uses primarily electronic equipment such as a robotics lab. A dry lab could also be a child study/observation laboratory. Typically a dry lab would be in computer science, bioinformatics, some engineering, psychology and social welfare departments, etc.
Lab-Research (Wet)	L RES WET	Wet laboratories are laboratories where chemicals, drugs, or other material or biological matter are tested and analyzed requiring water, direct ventilation, and specialized piped utilities. Typically these labs would be in the chemistry, biology, life sciences departments, etc.
Lab-Research Service	L RES SV	Definition: A space that directly serves one or more research/nonclass laboratories as an extension of the activities in those spaces.  Description: Includes only those spaces that directly serve a research/nonclass laboratory. Included are projection rooms, telecommunications control booths, coat rooms, preparation rooms, closets, material storage, balance rooms, cold rooms, stock rooms, dark rooms, equipment issue rooms, temporary hazardous materials storage areas, and similar facilities, if they serve research/nonclass laboratories.

Use2 Name	Use2 Code	
Lab-Write-up Space	L WRITE	<p>A space where a person can write up the details of their experiment.</p> <p>A lab write up is a clear, detailed outline of your experiment. It is used to describe and analyze the procedures followed and data collected. It contains many important elements, such as a hypothesis, materials lists, and raw data, and follows a specific format that your teacher or professor may have you follow.</p>
Lactation Room	LACT	<p>An American term for a private room where a breastfeeding woman can use a breast pump in private one or more times a day.</p>
Laundry	LAUNDRY	<p>A central facility used for cleaning, washing, drying, and ironing linens, uniforms, etc.</p>
Learning Landscape	LEARN	<p>Learning Landscape (AKA Learning Lounges):</p> <p>Learning Landscape is a system of distributed indoor spaces that provides convenient, comfortable places to study and relax before and after class. Located near formal learning spaces, these niche-like refuges vary in size and are found along primary and secondary circulation corridors, allowing students and faculty to take advantage of a variety of settings and technology for collaborative work, individual work, meeting and socializing.</p> <p>Learning Lounges should have;</p> <ul style="list-style-type: none"> <li>- Comfortable seating</li> <li>- Ample power sources</li> <li>- Robust Wi-Fi coverage</li> </ul>
Lecture Hall	LECT	<p>A room used for all classes which do not require special purpose equipment for student use. It is distinguished from a classroom by sloped/tiered seating and a seating capacity of 60 or more. Emphasis or weight is placed on the sloped/tiered design of the space when classifying space as a lecture hall.</p>
Lecture Hall Service	LECT SV	<p>A room which directly serves a Lecture Hall as an extension of the activities of the Lecture Hall.</p>
Library Center - Departmental	LIB CTR D	<p>A specialized division of a large organization in which literary and artistic materials, such as books, periodicals, newspapers, pamphlets, prints, records, and tapes, are kept for reading, reference, or lending.</p>
Library Collection	LIB COLL	<p>For the shelving of all parts of the campus library collection.</p>
Library Computer/Cybrary	LIB CYB	<p>Physical computer stations in libraries that is equivalent to library seating.</p>
Library Service	LIB SV	<p>For library staff to process library materials for use in the library including acquisition rooms, cataloging rooms, circulation rooms binding and repair rooms, receiving rooms, workrooms, coat rooms, duplicating rooms, record rooms, preparation rooms, etc.</p>
Loading Dock	LOADING DK	<p>A parking bay, partly enclosed by a raised platform, at which trucks are loaded and unloaded</p>
Lobby	LOBBY	<p>A hall, foyer, or waiting room at or near the entrance to a building or a room.</p>

Use2 Name	Use2 Code	
Locker/Dressing Room	LOCK/DRESS	A room furnished with or without lockers, as in a gymnasium, school, or workplace, used as a place in which to change clothes and store equipment.
Lounge	LOUNGE	<p>Definition: A space used for rest and relaxation that is not restricted to a specific group of people, unit, or area.</p> <p>Description: A lounge facility is typically equipped with upholstered furniture, draperies, and carpeting, and may include vending machines.</p> <p>This general use lounge differs from an office area or break room lounge (see Office Service-315) by virtue of its public availability.</p> <p>If a space is equipped with more than one or two seats for a seating area and intended for use by people visiting or passing through a building or area, it is coded as a Lounge (650). Such a space may have vending machines even though the primary use of the space is rest, relaxation, or informal socializing, not eating.</p>
Lounge-Faculty/Staff	LOUNGE F/S	<p>Definition: A space used for rest and relaxation that is restricted to faculty or staff.</p> <p>Description: A lounge facility is typically equipped with upholstered furniture, draperies, and carpeting, and may include vending machines.</p>
Lounge-Student	LOUNGE ST	<p>Definition: A space used for rest and relaxation that is restricted to students.</p> <p>Description: A lounge facility is typically equipped with upholstered furniture, draperies, and carpeting, and may include vending machines.</p>
Maintenance Room	MAINTEN	A room used for people to keep the University working in proper condition.
Mechanical (Utility) Room	M UTILITY	<p>For housing heating, air-conditioning, ventilation, electrical, signal, communications and toilet equipment used to operate the building. This category includes but not limited to:</p> <ol style="list-style-type: none"> <li>1. Air Handlers, fans, etc.</li> <li>2. General building HVAC and plumbing systems</li> <li>3. Heating and cooling pumps</li> <li>4. Domestic water heaters, pumps and meters</li> <li>5. Air Compressors, vacuum pumps</li> </ol>
Meditate-Pray-Reflect Room	MPR	A room where anyone can meditate, pray or reflect and is not associated with any particular philosophy or religious group.
Meeting Room	MEET RM	A room where people come together to conduct business used for general purposes such as community or campus group meetings not associated with a particular department.
Merchandising Facility	MERCH	A room (or group of rooms) used to sell products or services, or serve any of these facilities as a direct extension of the work being done.
Microscope Room	MICROSCOP	A room that houses microscopes.
Multipurpose Room	MULTI PURP	A room designed or used for several purposes.

Use2 Name	Use2 Code	
Museum	MUSEUM	A building, place, or institution devoted to the acquisition, conservation, study, exhibition, and educational interpretation of objects having scientific, historical, or artistic value.
None	NONE	Used for FMG-Plus export.
Observation Room	OBSERVATIO	A room where subjects are observed.
Observatory	OBSERVTY	A building, place, or institution designed and equipped for making observations of astronomical, meteorological, or other natural phenomena.
Office	OFF	A space housing faculty, staff, or students working at one or more desks, tables, or workstations. This category should be used only if none of the other categories in the Use Description List do not fit the primary use of the space.
Office Service	OFF SV	A space that directly serves an office or group of offices as an extension of the activities in those spaces. This category should be used only if none of the other categories in the Use Description List do not fit the primary use of the space. Includes file rooms, break rooms, kitchenettes serving office areas, copy and fax rooms, vaults, closets, private rest rooms not available to the public, records rooms, office supply rooms, first aid rooms serving office areas, student counseling rooms and testing (assessment, nonhealth, non-discipline-related) rooms, and open and private (restricted/nonpublic) circulation areas.
Office-Adjunct	OFF AD	Attached to a faculty or staff in a temporary or auxiliary capacity. Typically with a FTE of less than 1. This category includes but not limited to: 1. Adjunct Assistant Professor 2. Adjunct Associate Professor 3. Adjunct Instructor
Office-Chair	OFF CH	A place in which business, administrative, or professional activities are conducted by someone in a position of authority, such as a professorship.
Office-Emeritus	OFF EM	Faculty equivalent or faculty associated staff to accomplish specific or general tasks associated with their campus assignment.
Office-Executive	OFF EX	A place in which business, administrative or professional activities are conducted by a leading decision maker in the university. This category includes but not limited to: 1. President 2. Provost 3. Dean 4. Vice President 5. Vice Provost
Office-Faculty	OFF F	Faculty equivalent or faculty associated staff to accomplish specific or general tasks associated with their campus assignment.
Office-Hoteling	OFF HTL	<p>Hoteling is the practice of providing office space to employees on an as-needed rather than on the traditional, dedicated basis. Hoteling changes the traditional model for how office space is used. Rather than assign permanent office space to each employee, hoteling is a system for assigning just-in-time temporary office space to employees.</p> <p>Workspaces are completely unassigned; staff occupy them on a first-come, first-served basis at the start of each workday.</p>

Use2 Name	Use2 Code	
Office-Instructor/Lecturer	OFF I/L	1. One who instructs; a teacher.2. A college or university teacher who ranks below an assistant professor.
Office-Mixed Use	OFF MIX	An office with mixed occupants or users, none sufficiently primary to classify according to standard Use 2 codes. The Additional Space Description field should list the various uses.
Office-Post Doc	OFF PD	A place in which academic or professional activities are conducted by a person relating to, or engaged in academic study beyond the level of a doctoral degree.
Office-Staff	OFF SF	The primary work area or place in which business, clerical, or professional activities are conducted by an individual or group of assistants to a manager, executive, or other person in authority. This category includes but not limited to: 1. Administrative 2. Administrative Assistant 3. Assistant to the Chair 4. Assistant to the Dean 5. Chief of Staff 6. Counselor 7. Manager 8. Senior Staff Assistant 10. Professional
Office-Student	OFF ST	An office space occupied by a student. This category typically includes students of an unfunded nature.
Office-Visitor	OFF VI	Office for people visiting UB.
Orchestral Pit	ORCH PIT	A lowered area in front of a stage where an orchestra accompanies the performers.
Parking Booth/Space	PARKING	A small, often enclosed compartment, usually accommodating only one person to maintain the public's use of a vehicle for a time in a certain location. This also includes a space for a vehicle to park in.
Patch Clamp Room	PATCH	A room where the patch clamp method can measure very small electrical currents in single living cells.
Phlebotomy Room	PHLEBOTO	A room where the act or practice of opening a vein by incision or puncture to remove blood as a therapeutic treatment.
Practice Room	PRAC RM	A room used for individual student experimentation, observation or practice in a particular field of study but not under the direct supervision of an instructor. Included in this category are music practice rooms or Individual Study Laboratories that do not have programmed instruction, equipment or material for use by students.
Preparation Room	PREP RM	A room used for the state of having been made ready beforehand; readiness.
Printer/Plan Room	PRINT/PLAN	This room may service both printers and plans but could also be specifically one or the other. The printer room holds devices that prints text or graphics on paper. The plan room contains floor plans, prints, etc are stored and/or referenced.
Private Bathroom	BATH P	A room equipped with facilities for taking a bath or shower and usually also containing a sink and toilet intended for one's exclusive use (not for the general public).
Procedure Room	PROCEDUR	A room where medical personnel are in the act of performing or effecting something.
Procedure Room (External)	PRO EXT	A room where medical personnel are in the act of performing or effecting something. External to a particular lab.

Use2 Name	Use2 Code	
Procedure Room (Internal)	PRO INT	A room where medical personnel are in the act of performing or effecting something. Within a particular lab.
Processing	PROCESS	A room where students/staff perform a series of actions, changes, or functions bringing about a result
