Searching for Products

Basic Search

- In the “Shop” widget, enter the desired product in the search bar and select search (magnifying glass icon) (Figure 1).

![Figure 1](image1)

Advanced Search

If your search has too little results, try these hints:

- View more results per page by selecting more than the default 20 results per page (Figure 2):

![Figure 2](image2)

- Select a search category (instead of search everything) (Figure 3):

![Figure 3](image3)
• Use Advanced search (Figure 4):

*Figure 4*

• Specify Supplier, part number, manufacturer name (Figure 5):

![Advanced search form](image)

*Figure 5*

• Filter results by Supplier, category, manufacturer. Click on one option or click on the filter button to filter by more than one (Figure 6).
