## **Robin G. Schulze**

*Dean of the College of Arts and Sciences*

Robin G. Schulze, PhD, joined the University at Buffalo in July 2016 as dean of the College of Arts and Sciences and professor in the Department of English. As leader of UB's largest and most diverse academic unit, she drives UB's commitment

to prepare students to be active, knowledgeable, engaged citizens in a dynamic global community.

Over the last seven years, Schulze has worked to keep the College strong. She has increased research expenditure in the College and has secured major investments to enhance the College's disciplinary excellence, including funds to support the College's first two female SUNY Empire Innovation Professors. While championing disciplinary excellence, she has also invested in programs that approach critical present problems from a variety of disciplinary vantage points. The College's new department of Environment and Sustainability is a testament to that approach. She is also Co-principal Investigator on UB's first-ever Mellon Foundation grant in support of the College's new Department of Indigenous Studies which honors the university's long-standing commitment to training generations of native scholars. An advocate for the value of experiential learning, she has raised funds to provide College students access to important career building, learn-by-doing opportunities.

Schulze began her career at the University of Kansas. She moved to Penn State, where she became Head of the Department of English. In 2012, she moved to the University of Delaware and became the Associate Dean for the Humanities, a position she held until her move to UB.

## The Mace

Designed to tell the story of the university and the Niagara Frontier, the University at Buffalo mace was fashioned by silversmith Hudson Roysher of Arcadia, Calif. It was used for the first time in the 1962 general commencement.

The mace is silver with accents of lapis and howlite to represent the university's colors. It is topped by a miniature walled structure representing the city of Buffalo. Engraved atop the city are three arrows bound together, symbolizing the unity of UB and the city.

A band of alternating jewels of lapis and howlite encircles the head of the mace and bears the founding dates of the 13 divisions that composed the university in 1962.

The UB arms appear on the front of the head. On the back are the arms of the United States.

The discovery of Lake Erie in 1669 by Louis Joliet and early explorations by Robert de LaSalle are symbolized on the left side of the head. A crest on the right side symbolizes the university's role as a dynamic center of human growth and welfare.

The wild rose, the New York state flower, is depicted in a floral motif at the top and bottom of the mace's head. Encircling the ends of the shaft are three wavy lines representing intellect and water, the latter a reference to the Niagara River and Great Lakes.

The motto "University and City: Community" is lettered in Latin around the knob of the shaft.

Traditionally used in university ceremonies, the mace is a symbol of enlightened authority. The mace bearer is the chair of the university's Faculty Senate.

## About the College of Arts and Sciences

For over a century, the College of Arts and Sciences has served as the center of scholarly excellence and radical innovation at the heart of the University at Buffalo. Comprising 30 departments in the arts, humanities, social sciences, natural sciences, and mathematics, as well as 16 special programs and 23 centers and institutes, the College is not only the largest campus unit, but the one most likely to directly impact every UB student at some point in their educational career. Our more than 500 dedicated faculty members, including 30 SUNY Distinguished Professors, prepare over 8,000 undergraduate and graduate students per year to become the critical thinkers and compassionate leaders so vital to our ever-evolving society.

Students in the College of Arts and Sciences also benefit from UB's status as a premier public research university, and the breadth of resources this status provides. Internship, research, study abroad, and service-learning opportunities pull students out of the classroom and into the real world of hands-on problem-solving. From advancements in targeted drug delivery and photonics; to complex understanding of climate challenges; to creative achievements in theatre, contemporary music, poetics, and the arts, our students contribute regularly to the industries that will eventually employ them, and from which they will dispatch crucial and compelling solutions.

"Liberal arts education is, in my view, the working definition of education," says Robin Schulze, Dean of the College. "The liberal arts grant students the skills to solve problems and the imagination and courage to make a better future. Our faculty are leaders in their fields. They challenge students to see complex issues from a variety of perspectives, and to think creatively and collaboratively about how to make a difference in the world. The College really is a perfect place for students to find their passions and their purpose. We can't do this work without the support of our alumni and friends—the people who understand that a liberal arts education is critical to our collective good. Our mission is to help our students become active, empathetic citizens of a diverse and dynamic global community."

This year's graduating class joins nearly 110,000 College alumni, a massive network composed of internationally-recognized researchers, scientists, and educators; pioneering business leaders; prominent writers and journalists; celebrated musicians and composers; and award-winning film directors, actors, artists, and designers. These extraordinary individuals represent a tremendous legacy, one strengthened by the accomplishments of each additional class of College graduates.

The College would like to thank the members of the Class of 2023 for their efforts over the past four years and wish them the best of luck in their continued pursuit of knowledge and invention. As they sit poised on the brink of future success, we hope they will remember their time in the College as a period of discovery and growth, stay actively connected to their alma mater, and help guide new generations of UB Bulls to build on their exemplary foundation.

## Letter from the Dean of the College of Arts and Sciences

Dear Members of the Class of 2023,

It is with great pleasure that I congratulate you on your graduation from the University at Buffalo College of Arts and Sciences. What you have achieved today, and over the past several years, is truly admirable.

Thank you for your efforts in the classroom, the lab, the performance hall, the studio, the athletic field, and within the UB and greater Buffalo communities. You have become an integral part of our narrative. We will miss you.

As you transition into the next phase of your life, I want you to remember two things. First, your achievement does not end here. You are ready for whatever comes next. You have the knowledge and skills to succeed and the ability to define success on your own terms. Second, there are more than 293,000 UB alumni worldwide, ready and eager to welcome you to their ranks. No matter where you go, you will find friends to support you.

Today, I hope you celebrate this moment to its fullest with the people who have supported and encouraged you throughout your education. Tomorrow, I know you will use what you have learned here to make the most of every opportunity.

Good luck and enjoy the adventure.

**Robin G. Schulze**

*Dean of the College of Arts and Sciences*

## UB Alma Mater

*Music by Walter S. Goodale, MD, 1903.  
Lyrics adapted by UB students in 2006 for  
contemporary use.*

### **Verse 1:**

The pride of our spirit and tradition,  
Our alma mater's truth and name declare.  
Celebrate our history and wisdom,  
O let us all prepare to sing her glory.

### **Refrain:**

To Buffalo all hail to thee,  
Noble and strong it's our university!  
To blue and white pledge loyalty,  
Singing, I will always remember thee!

### **Verse 2:**

We'll ever keep our standards high,  
And sing UB's praises to the sky.  
Receiving the finest education,  
Our knowledge we impart unto the nations.  
*(Repeat refrain)*

### **Verse 3:**

Our friends we've made with ties that bind,  
A union of our spirit, heart and mind.  
Together we'll continue life's journey,  
O may dear Buffalo forever be.  
*(Repeat refrain)*

# Visitor Information

## Photographic Services

A photographer from GradImages will be at the ceremony to take a posed photograph of each graduate, as well as a candid photograph of their special moment of recognition and handshake. Graduates will receive free proofs via email in the weeks following the ceremony. You may place orders or obtain answers to questions at [www.gradimages.com](http://www.gradimages.com) or 800-261-2576. ## Online Viewing of the Ceremony

This ceremony will be live-streamed. The ceremony will also be available for post-ceremony online viewing, shortly following commencement weekend. Visit [buffalo.edu/commencement](http://buffalo.edu/commencement) and click on the “Streaming & Videos” tab for information.

## Celebrate the #UBClassOf2023

Graduates and their guests can share photos, memories and well-wishes by texting 716-451-2828 or using the hashtag #UBClassOf2023 on Instagram and Twitter for the chance to see them displayed on screen before the ceremony and during the conferral of degrees.

A section for guests with wheelchairs is available on the floor-level. A section for guests who have requested accommodations, who do not arrive with a wheelchair, is available at the top of the 200-level. Special accommodations are also available for the deaf and hard of hearing.

To access any of these seating areas, please speak with an usher. Due to limited space, guests with special needs may be joined by just one ticketed guest in these special seating areas.

## Emergency Assistance

## **ON THE COVER**

The modern seal for the University at Buffalo harks back to a design adopted in 1923 to reflect the evolution of the university from separate schools into a more close-knit organization. Though the seal has been revised several times over the decades, the foundational elements remain: a proud bison signifying the City of Buffalo atop a shield supported by the palm leaves of victory and emblazoned with the flames of wisdom.
