

FOUNDATIONS FOR CHANGE

A PRE-CONFERENCE SERIES ON WHAT SHAPES OUR HEALTH

PRE-CONFERENCE PANEL DISCUSSION

A PLACE TO HEAL:

The Impacts of **Housing** on Health & Community Stability

Wednesday, 9/10, 5:30–7:00 PM

 *Virtual via Zoom*

This year's **Igniting Hope Conference** is focused on implementing a community plan for health equity. To set the stage for collective action, this series focuses on building a shared understanding of how we got here and what we are up against.

In **A Place to Heal**, we'll be joined by housing advocates, health leaders, and organizers to explore how unstable, unsafe, and unaffordable housing drives poor health outcomes – and how communities across Buffalo are working to build the conditions for safe, healthy, and healing homes.
