

Publications by Research Groups in the CTRC

Posted on 05/30/14 at 08:25 am

In an effort to enhance communication and collaboration opportunities among researchers in the CTRC and to recognize the outstanding research productivity of research groups, we will periodically post publications by groups based in the CTRC as news items.

The [attached list](#) includes 84 publications and 6 textbook chapters by CTRC researchers and trainees from January 1, 2013 through May 1, 2014. The papers include:

Original articles in peer-reviewed journals

Review articles

Editorials

The work encompasses a wide range of disciplines with a common translational theme.

Congratulations to all!

[Click this link](#) for the publications by each of the research groups.
