

UB Receives Permanent Certificate of Occupancy for CTRC

Posted on 06/25/12 at 08:50 am

It's official! The city of Buffalo issued UB a permanent certificate of occupancy for the Clinical and Translational Research Center on June 15. A ribbon cutting to celebrate the partnership between Kaleida and UB in opening the Gates Vascular Institute and the CTRC was held on May 24. Equipment is being delivered and installation is getting underway. Delivery and installation of furniture is anticipated in late July and early August. The first research groups will move into the CTRC in mid or late August. A Grand Opening for the CTRC will be held on September 20. The event will feature an open house, tours of laboratories and a keynote speaker.
