HEALTH INEQUITIES WORKSHOP SERIES

When Theory Meets Reality: The Fight to Eliminate Health Inequities

This workshop focuses on forging strategies designed to eliminate race-based disparities in the Buffalo-Niagara Region. This workshop will be a brainstorming session on strengthening the movement to eliminate health inequities in the region. This workshop conceptualizes "health disparities" as "health inequities" spawned by systemic structural racism. The workshop will discuss the importance of framing the "health inequity problem" and brainstorm strategies to eliminate health inequities in the Buffalo-Niagara region. This workshop, "theory meeting reality," is the platform for discussing ideas for bringing about "real" change in the healthcare system.

DATE: Thursday, April 20, 2023

TIME: 3:00 – 4:30 PM

LOCATION: Online via Zoom

REGISTER NOW: <https://bit.ly/3JIYA03>
