Dear Professor Jonothan Bird

Re: C8 IUPAP Endorsement of the 20th International Conference on Electron Dynamics in Semiconductors, Optoelectronics and Nanostructures (EDISON 2017)

We are pleased to inform you that the Council of the International Union of Pure and Applied Physics (IUPAP) has in close consultation with the chair of Commission 8, Professor Mike Thewalt, resolved to endorse the 20th International Conference on Electron Dynamics in Semiconductors, Optoelectronics and Nanostructures (EDISON 2017) which is due to be held on 16 - 21 July 2017 at the University at Buffalo, New York, USA.

In accordance with the IUPAP Conference rules and guidelines, the endorsement of your conference grants you permission to use the IUPAP logo on your conference website and other conference-related promotional materials. We attach for such usage a high resolution image of the IUPAP logo. We also kindly request that you display the attached IUPAP poster at strategic locations at your conference event as a means to popularize the IUPAP.

Please note that should you require your conference to be considered for possible IUPAP financial support under one of the four IUPAP conference categories, viz type A, B, C or D, you will have to complete online a relatively more detailed application for such support via the IUPAP weblink <http://iupap.org/sponsored-conferences/application-for-conference-sponsorship/>. All such applications for IUPAP Conference sponsorship should be submitted on or before 1 June of the year preceding that in which the conference event is to be held.

We furthermore would like to request that you familiarize yourself with all the IUPAP Conference policies, rules and guidelines which are available on the following IUPAP weblinks: <http://iupap.org/sponsored-conferences/conference-policies/>, <http://iupap.org/sponsored-conferences/conference-guidelines/>. Please note that all the IUPAP conference policies, rules, guidelines and requirements apply equally to conferences supported on either classified or un-classified basis.

We wish you in advance a successful conference event.

Sincerely yours

Dr Rudzani Nematudi (IUPAP Associate Secretary General)

Cc: Mike Thewalt, Chair, IUPAP Commission 8 (haiqing0@csrc.ac.cn)

Bruce McKellar, IUPAP President (bhjmckellar@mac.com)
