

Michele Sveinsson

Research Technician, HJKRI, Feltri Lab

Michele earned her Bachelor of Science degree in Biochemistry from the Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo in 2010. Michele began working as a Research Technician in Dr. Laura Feltri's laboratory at the Hunter James Kelly Research Institute in 2019.

She has extensive animal experience and her primary responsibilities include day-to-day lab bench functions, contributing to management of the transgenic mouse colony, caretaking, breeding, and genotyping of mice, purchasing, and maintaining lab inventory.
