

# Instructions for Deemed Export Certification on USCIS I-129 Form (Internal UB Form)

#### Introduction

U.S. Citizenship and Immigration Services added a <u>deemed export</u> certification to <u>Form I-129</u>, effective February 20, 2011, relating to <u>foreign nationals / persons</u> requiring H-1B or O-1 visas. Specifically, Part 6 now requires the petitioner (you and SUNY Buffalo or Research Foundation) to certify that the visa applicant (the foreign national) will be denied access to information, technology and/or technical data controlled under U.S. <u>export control</u> regulations until and unless a license allowing for such access is obtained from the appropriate federal agency. The <u>Department of Commerce</u> controls dual-use technology (commercial and possible military applications) and the <u>Department of State</u> controls military technology and items.

The process for verifying that the Research Foundation, SUNY Buffalo and you are in compliance with export controls is coordinated by the Office of Vice President for Research with department and school administration. For guidance and assistance in complying with deemed export certification and in providing the information requested here please contact your Department Export Control Liaison or-

Richard Karalus, Director, Office of Research Compliance, (<u>karalus@buffalo.edu</u>), or-Scott Shurtleff, SPS Team Leader, (<u>scott.shurtleff@buffalo.edu</u>).

Please provide the information requested in Sections 1 and 2 only.

# Section 1: Petitioner Department-School / Applicant

| Department and School<br>Requesting Hire:                  |   |

<sup>&</sup>lt;sup>1</sup> Public Domain - in libraries, academic papers and journals, shared at conferences or seminars, patentable.

| 6. | Will the applicant be provided access to any technology or       | <br> |
|----|--|------|
|    | technical information on the <b>Commerce Control List</b> in the |      |
|    | Export Administration Regulations (EAR) of the U.S. Department   |      |
|    | of Commerce?   |      |

7. Will the applicant have access to any "defense articles" \_\_\_\_\_ that are currently listed on the <u>U.S. Department of State Munitions List</u> (USML on International Traffic in Arms Regulations - ITAR)?

### If No to question 1 or 2 or Yes to 3--7, please describe in Notes Section.

With respect to the technology or technical data that will be released or otherwise provided to the beneficiary, the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR) have been reviewed and it has been determined that:

| Check one box only.   |   |
|---|---|
| A license is not required from either the U.S. Department of Commerce or the          |   |
| U.S. Department of State to release technology or technical data to the foreign       |   |
| person.   |   |
| A license is required from the U.S. Department of Commerce or the U.S.                | ı |
| Department of State to release such technology or technical data to the beneficiary   | l |
| and the petitioner will prevent access to the controlled technology or technical data | ı |
| by the beneficiary until and unless the petitioner has received the required license  | l |
| or other authorization to release it to the beneficiary.                              | İ |
