

# Office Administration Intern

Institute for Myelin and Glia Exploration

APPROXIMATE HOURS PER WEEK

4 - 6 hours/week

## TRAVEL PERCENTAGE

No Travel

## DESCRIPTION

In partnership with UB Career Services, the Myelin and Glia Exploration has an exciting internship available for UB students interested in business and office administration. The student will gain experience by assisting the organization and management of its general administration by providing support for the Institute's administrative and laboratory staff. Assignments may include keying text, memoranda, and letters; preparing and distributing photocopies; answering phones and directing calls; opening, sorting, and distributing mail; maintaining and updating files; preparing orders; tracking expenditures; collecting and arranging material for reports; maintaining and updating departmental or office databases.

**NOTE: We would like someone ideally to commit for at least 2 or more semesters, including Summer.**

Our Institution is a unique research institute which aims to study myelin formation and repair, with the goal of translating this research into prognostic, diagnostic and treatment applications in cooperation with the University at Buffalo's School of Medicine and Biomedical Sciences.
