UNIVERSITY AT BUFFALO PROFESSIONAL STAFF SENATE SUSTAINABLE
LIVING COMMITTEE PRESENTS:

Plant Exchange Event

Faculty and staff are welcome!

Exchange Plants One-4-One

Plants accepted include perennials, small shrubs and small trees.

Helpful tips:

- Please include a label on the potted plants with preferred growing conditions, e.g. sun, moisture. Labels can be a plastic fork (tines up) to hold your index card in place.
- Bring extra pots to make sure you have a way to get your new friends home.
- May is a great time to divide perennials and grasses and share them at the plant exchange. Houseplants and perennial seeds in sealed envelope with instructions also welcome.
- Absolutely no invasive species. When in doubt, please don't bring it! You can view examples of invasive plants [here](#).
