If an international student from SUNY at Buffalo is registered for one or more academic credit hours in a given semester during which he or she will be residing in his or her country of origin, that student may be eligible to waive the mandatory SUNY international health insurance requirement. The basis of the return trip must be academic (e.g. a student returning home to write his or her dissertation) and the student must intend to remain outside of the United States for the entire waiver period. If these qualifications are met, the student may proceed with the waiver process by completing and signing the form below and submitting it to their academic department. The completed form, signed by both the student and endorsed by the department, must then be submitted to the Student Health Insurance Office in 1Capen.
