Postdoctoral Fellow, Boston
Children's Hospital

Richard Linares, PhD
Assistant Professor
Aerospace, Aeronautical and
Astronautical Engineering, MIT

Andrea Obah, PhD Student
Psychology, University at Buffalo

Thriving in Graduate School: Pre-conference Workshop

We want you to move confidently into a graduate program and find supportive people and programs that will mentor, guide and support you. The community you find and build throughout graduate school is very important. In this workshop we have panelists who have earned their PhD. They will inspire you by sharing their personal experiences, and discuss steps to equip you with knowledge to set yourself up for success during your graduate career.

WHEN

Wednesday, June 29, 2022

3:30-5 p.m. EDT

WHERE

Online via Zoom

For questions and more information:

Shanna Crump-Owens, CSTEP Director
