

# What Sets UBCCC Apart?

QUALITY

Highly experienced and dedicated early childhood educators

Beautiful, on campus locations: large classrooms, spacious playgrounds and indoor gym space for each age group

Recognized for excellence through accreditation by the National Association for the Education of Young Children (NAEYC) and a 4 star rating in QualityStarsNY program

Our Child and Adult Care Food Program grant: we serve nutritious meals and maintain exemplary health and safety food standards. Meals are served family style, and mealtimes are relaxed and enjoyable

Our Breastfeeding-Friendly certification: we have designated space for nursing mothers who are welcome anytime

Belief in the importance of learning through play

Emphasis on positive relationships and open communication between staff and families

Each child's unique personality and cultural diversity honored and celebrated

Curriculum planning follows "Developmentally Appropriate Practices". Teachers create lesson plans and activities based on observations and parent input of each child's special interests and developmental progress

Our open-door policy—families always welcome to visit their children

VALUES

“Children need the freedom and time to play. Play is not a luxury. Play is a necessity.”  
KAY REDFIELD JAMISON

*At UBCCC, we are committed to providing excellent Child Care and Early Childhood Education for young children*

## PROGRAMS

### What Will My Child Learn at UBCCC?

- Respect for self and others
- To form healthy relationships
- Understanding and acceptance of cultural differences
- Development of language for expression and comprehension
- Problem solving and conflict resolution skills

### Who We Serve

Priority for admission is given to (in order):

- Siblings of current UBCCC students at their current facility
- Children of current UBCCC Staff
- Children of current UB students, staff and faculty
- Children of current New York State employees
- Children of Community Residents

#### Infant (6 weeks - 18 months)

- Warm, nurturing, calm environment
- Individualized care based on developmental age and disposition

#### Toddler (18 months - 3 years)

- Variety of activity centers for toddlers' learning styles, interests and levels of development
- Sensory, motor and tactile experiences which encourage children's growth and creative thinking skills
- Language skills, independence and trust enhanced through interactions with teachers

#### Preschool (3 - 5 years)

- Curriculum aligned with NYS Learning Standards and based on children's developmental needs and interests
- Opportunities to explore learning centers: books and writing, science, sensory (sand and water play), cooking, dramatic play, blocks and puzzles
- Benefits of mixed-age classrooms: younger preschoolers learn from the advanced growth and development of the older children. As role models, older preschoolers gain confidence and leadership skills
