

Wi-Fi for Guests at UB

Welcome to UB! If you are already registered to **eduroam** at your institution, connect to it. Otherwise, follow the instructions below.

1. Create a guest account

1. On your device, select **UB_Connect** from the available Wi-Fi networks.
2. Open a web browser and enter <http://connect.buffalo.edu> in the address bar.
 - Chrome or Firefox recommended
 - *NOTE: If you see a warning about an insecure site, choose to advance to the site.*
3. Click **Login as Guest**
4. Under **More**, click **Sign up for an account**

5. On the next screen, enter:
 - Your first and last name in the **Your Name** field.
 - Your non-UB email address in the **Email Address** field.
6. Check the box to accept the terms of use.
7. Click **Create Account**.

You're now connected! Save the password you received in your email to log into the guest Wi-Fi at <http://connect.buffalo.edu> for up to six months.

2. Optional: Register your device

To automatically connect to UB's Wi-Fi for the next six months, continue with the following steps.

After creating a guest account (opposite):

1. Open a new tab in your web browser and enter <http://connect.buffalo.edu> in the address bar.
2. Click **Register this device**, under **More**.
3. Enter your email address in the **Username** field
4. Enter the UB Guest password sent to your email in the **Password** field.
5. Click **Log In**.
6. Enter a unique name for your device, such as **Jane's Macbook**.
7. If not filled in, enter the **MAC Address** for your device.
8. Click **Create Device**.
9. Select **UB_Devices** from the available UB Wi-Fi networks
10. Enter the password **goubbolls**
11. Click **Join**

You're now registered!
